## 1.0 PREAMBLE

### 1.1 Introduction

The Life-skills Orientation is an out-of-school programme covering the Junior School (Grade 7), Secondary School Ordinary Level (Form 4) and Secondary School Advanced Level (Form 6) education. The syllabus covers activities that enhance life-skills and has thematic links to other learning areas across the curriculum. The skills include:

- relating
- caring
- giving
- thinking
- working
- managing.

This syllabus is facilitating the learner to become a patriotic and a responsible citizen. It promotes Zimbabwean identity, norms and values through the inclusion of Life-skills, volunteerism, exposure to work and outward bound activities. The programme contributes towards the development of Unhu/Ubuntu/Vumunhu through nurturing of important virtues of life such as punctuality, commitment, honesty, empathy, resilience and perseverance.

### 1.2 Rationale

The Life-skills Orientation Programme creates synergies between schools, communities and enterprise (industry). Learners are given opportunities to relate theory to practice, and practice to theory in a diligence continuum of dialogue on practice thus bridging the gap between classroom knowledge and practical life. It also encompasses relationships between learners and their community. The Life-skills Orientation Programme moulds the character of the learners. It is the foundation of important virtues for life; linking academic achievement, businesses development, self reliance and employment.

The Life-skills Orientation Programme is designed to provide the following practical lifeskills:

- Critical thinking and problem solving
- Collaboration and leading with influence
- Agility and adaptability
- Taking initiative and being enterprising
- Effective oral and written communication skills
- Capability to access and analyse information

### 1.3 Summary of Content

This syllabus will cover theory, practical and problem solving activities in areas such as:

- Identity and patriotism
- Leadership
- Health
- Environmental issues
- Rights and responsibilities
- Enterprise and volunteerism
- Maintenance skills

### 1.4 Assumptions

The syllabus assumes that learners have knowledge of:

- businesses opportunities;
- personal identity;
- communication skills;
- interpersonal skills;
- independent daily living skills;
- experienced peer pressure;
- Sciences, Humanities and Technical Learning Areas;
- local environment;

### 1.5 Cross-cutting themes

- Gender roles
- Children's rights and responsibilities
- Disaster management
- Health issues
- Heritage
- Constitution of Zimbabwe
- Financial literacy
- Environmental issues
- Information technology

## 2.0 PRESENTATION OF THE SYLLABUS

2.1 The Life-skills Orientation Programme is presented as a single document which covers:

- Junior School (Grade 7)
- Secondary School Ordinary Level (Form 4)
- Secondary School Advanced Level (Form 6)

2.2 All levels have the same topics that are spiral in nature.

### 3.0 AIMS

The syllabus aims to:

- 3.1 Guide learners to achieve their full physical, intellectual, personal, emotional and social abilities
- 3.2 develop a spirit of national consciousness, identity and patriotism through acquiring skills and interacting with the environment
- 3.3 promote personal development anchored on Unhu/Ubuntu/Vumunhu in all facets of life
- 3.4 develop learners' skills to respond to challenges and play an active and responsible role in society
- 3.5 enable learners to exercise their constitutional rights and responsibilities while respecting the rights of others
- 3.6 guide learners to make informed and responsible decisions about their health, environment, learning area choices, further studies and businesses

### 4.0 OBJECTIVES

On completion of each level of the Life-skills Orientation Programme learners should have:

- 4.1 exhibit Unhu/Ubuntu/Vumunhu which will help them to interact meaningfully with others in society
- 4.2 apply the knowledge, skills and understanding needed to manage their environment
- 4.3 familiarise themselves with the world of work through work related learning leading to the selection of businesses that match their inclinations
- 4.4 develop critical thinking, individual initiative, interpersonal, enquiring and problem solving skills
- 4.5 develop an awareness of children's rights and their responsibilities
- 4.6 practice health habits that will prepare them for responsible family, community, national, regional and global life
- 4.7 demonstrate patriotism, volunteerism and celebration of human diversity

### 5.0 METHODOLOGY AND TIME ALLOCATION

#### 5.1 Methodology

A spiral approach is adopted, beginning with the learner's immediate environment, broadening to an exploration of his/her wider community and finally extending to the wider world. Learners need to develop appropriate Life-skills through active participation in planned activities. Effective development of life skills depends upon the use of participatory methods. These include the following:

- (a) Exposure to enterprise environments
- (b) Edu-tour targeting historical and heritage sites
- (c) Engagement in volunteerism
- (d) Outbound programming
- (e) Carrying out research
- (f) E-learning
- (g) Role playing
- (h) Dramatization
- (i) Group work
- (j) Simulation
- (k) Question and answer
- (l) Participation in the institutions and community activities in areas such as hospitals, red-cross and junior calls, uniformed services and parliament.
- (m) Under study

#### 5.2 Time Allocation

This is an out-of-school programme

For adequate coverage of the syllabus, the following allocation is advised.

Junior School (Grade 7): 6 weeks (Mid October to 1st week of December)

Secondary School Ordinary Level (Form 4): 2 months (End of November to end of January)

Secondary School Advanced Level (Form 6): 2 months (End of November to end of January)

Junior School Level at least one (1) educational tour  
Secondary School Ordinary Level at least two (2) educational tours

Secondary School Advanced Level at least two (2) educational tours.

Learners participate in sport festivals in line with the

Schools Annual Sport Science and Arts Festivals (SASSAF) concept. The sport festivals are done at school, cluster, district, provincial and national levels when learners are on holiday.
